Administrative Order 2015-001

Court Monitor Log Notes

In an effort to improve the courtroom process, the Superior Court monitors shall not conduct post-hearing review of log notes for the following types of hearings: 1) dispositional conferences; 2) civil trial management conferences; 3) criminal final pretrials; 4) criminal settlement conferences; and 5) civil structuring conferences. An audio recording of these hearings will, however, still be maintained. If a judge determines that a review of log notes for a particular hearing is required, the judge has the discretion to instruct the court monitor to conduct post-hearing review of log notes for that hearing.
